The Big Green Help: Grants and Educator Toolkit

[The Big Green Help](#) is a global kid-led initiative that provides information and tools to help explain climate change to kids, and educates and empowers kids to make a difference by connecting them to earth-friendly activities in their everyday lives.

Download [The Big Green Help Green Team Toolkit](#) packed with environmental resources and ideas for Earth Day, summer camp and back-to-school activities for your school, club, troop or community group.

[Register your Big Green Help Earth Day event](#), and you will be eligible to apply for a [Green Grant](#) of up to \$5000. Registered events will be featured on-air and online to showcase kids' achievements.

Our Program

National Environmental Education (EE) Week is the largest organized environmental education event in the United States. EE Week promotes understanding and protection of the natural world by creating a full week of environmentally-themed lessons and activities in K-12 classrooms, nature centers, zoos, museums, and aquariums.

The [National Environmental Education Foundation](#) (NEEF) provides knowledge to trusted professionals who, with their credibility, amplify messages to national audiences to solve everyday environmental problems. Together, we generate lasting positive change.

NEEF partners with professionals in health, education, media, business, and public land management to promote daily actions for helping people protect and enjoy the environment. Through our primary programs - Classroom Earth, National Public Lands Day, National Environmental Education Week, Business and Environment, Earth Gauge and our Pediatric Environmental History Initiative - we offer Americans knowledge to live by.
